

Leaving a Legacy

LionHeart is here for the ones you leave behind too

Did you know that every year LionHeart provides support to RICS professionals all over the world?

The people we support are of all ages and stages of their careers and we also help a number of family members too.

Legacies from RICS professionals make up an important part of LionHeart's income every year, usually accounting for up to a fifth of the donations we receive. These donations ensure we can continue to be here for future generations of chartered surveyors, just as we are here for you today.

When you make your will, would you consider leaving 1% of your estate to LionHeart?

Including any gift to LionHeart in your will is a wonderful way to express gratitude and support for your profession, often in ways that you'd be unable to do during your lifetime. All legacies we receive will be spent directly on providing support to the families of RICS professionals when they need it most.

 The help and support I received from LionHeart was invaluable - it made me feel like I mattered.

We would love to have the chance to thank those who choose to include a donation to LionHeart in their will. We are extremely grateful to everyone who chooses to give in such a special way. Please do let us know if you've decided to do this so we can thank you personally and welcome you into the LionHeart Guild.

Without a doubt my situation would be a lot worse without the support from LionHeart. I feel very fortunate that such an organisation exists for surveyors.
